

Mitutoyo: Global Mitutoyo

A strong community

Since venturing into the European market back at the beginning of the 1960s, Mitutoyo has been consistently strengthening its presence in this important economic region.

The company prepared for the expansion of the European market long before it became reality. The result is a close-knit manufacturing, sales and service network for customers comprising more than 85 facilities in 33 European countries.

In January 2010 Mitutoyo synchronized and strengthened the concerted pan-European activities by the establishment of a European headquarters. The location of Mitutoyo Europe GmbH is Neuss, which is in the vicinity of Düsseldorf, Germany.

Mitutoyo Europe GmbH oversees all the activities of Mitutoyo's sales, service and production facilities throughout Europe and adjacent markets, including those of Turkey and Russia. It also plans and implements the medium and long term business strategies of such European operations. A Mitutoyo Europe GmbH key objective is to promote coordination amongst its European Group Companies in order to optimize the sales and technical support services in the best interests of customer satisfaction.

A strong community for the future of Europe.
