

Cylindrical measuring pin

Series 926

- Complete incremental set of plug (or pin) gauges, consisting of 91 or 273 pieces for use in the inspection room, or on the shop floor in tool and fixture making.
- A 91-piece set is available, diameter range 1 - 10 mm, rising by 0,1 mm increments.
- A 273-piece set is available, diameter range 0,99 - 10,01 mm, rising by 0,1 mm increments, each increment represented by three gauges: 0,00 mm (size); +0,01 mm (oversize); and -0,01 mm (undersize).

Specifications

Accuracy	DIN 2269
Hardness	HRC 60-62
Finish	Very fine ground, from Ø 3 mm inscribed
Roughness	≤ 0,1 µm Ra
Length	up to Ø 6 mm = 50 mm over Ø 6 mm = 70 mm
Delivered	In a wooden box

926-222

Set of 91 pieces

No.	Accuracy grade
926-220	1
926-222	2

Set of 273 pieces

No.	Accuracy grade
