

Mitutoyo's ABSOLUTE Digimatic Scale Units can be installed on almost any equipment, offering the user precise linear measurement capability with the added benefits of LCD readout and output for recording data and SPC.

Applications

- Positioning of tables, etc., in adverse environments.
- Measuring equipment used on the workshop floor.
- Measurement of structure displacements.
- Positioning of machine tools.
- Measuring equipment used outside (in the rain).

EC Counter

- This Display Unit with GO/NG judgement function offers a large LED display for a Digimatic Scale Unit. The bright LED readout is ideal for low-light situations or when the scale unit must be positioned where its own display cannot be viewed directly.
